After reviewing the feedback and comments received over the past few weeks SB suggested New summer average speeds and ride distances. The committee agreed and these will be displayed on the Website (SB)

Suggested Spring/Summer Rides (April to September)

Leisure - up to 13mph avg. speed, distance 15-25 miles

C Ride - 13-15 mph avg. speed, distance 25-35 miles

B Ride - 15-17 mph avg. speed, distance 35-50 mile

A Ride - 17+ mph avg. speed, distance 50+ miles

Suggested monthly Gran Fondo for A,B,C groups to combine a shorter route so riders can choose ride length. This would give riders a chance to ride further distances and different speeds. Suggested date 12th June. NC to look into possible routes.

A Breakfast Ride was suggested for 26th June. (FVL)

Midweek day and evening rides during the summer will be on an adhoc basis and posted on WhatsApp group webchat.
